

GWAR, Black And Huge

You know I'm totally flaccid - I'm just a limp, mega-prick
You know I'm looking for a stupid white chick

Chorus:

Because I'm black and huge

Black and huge

Black and huge

Black and Huge, black and huge -

All the women hate me in the porno booth

And now I see you, your there on the ground

And now you know, yeah I'm raising a mound

I'm gonna got you, make you erupt

If I could just get out of this cup

(Chorus)
