GWAR, Black And Huge

You know I'm totally flaccid - I'm just a limp, mega-prick You know I'm looking for a stupid white chick

Chorus:
Because I'm black and huge
Black and huge
Black and huge
Black and Huge, black and huge All the women hate me in the porno booth

And now I see you, your there on the ground And now you know, yeah I'm raising a mound I'm gonna got you, make you erupt If I could just get out of this cup

(Chorus)
