

GWAR, Jack The World

Rid yourself of all the worthless crap in which you wallow,
Here's an iron FIST!!! of death for you to swallow,
Undead from Antarctica, the signals pumping free,
C'mon lets wake the maggot up,
it's on Slave Pit TV.

You might sleep on concrete slabs, or be a blithering bohab,
Yet your growth is exponential if you consume the excremental...

Pay to Play,
Every single day,
You feel your brain cells,
Melt away.
The appalling calling,
Why don't you go away?
We'll jack your world!

Now your in the maggot chamber,
corpses fill the charnel manger,
Toilets pointing underground,
Can't forget that sloppy sound.

Jack jack the world,
I thought I'd let you know,
Jack jack the world,
I'm over typical,
Jack jack the world,
But now I gotta go.

Pay to Play,
Every single day,
And feel your brain cells,
Melt away.
The appalling calling,
Why don't you go away?
We'll jack your world!

I wanna suck like lovers do,
I wanna lose a Grammy too,
I wanna kick the teeth outta you...
