

# GWAR, Slap U Around

I wake you up in the morning baby with a kick in the tit  
I treat you like shit! You love it  
Smack you right in the face now baby, just to show you I care  
And then I kick you pregnant ass right down the stairs

Slap slap slap U around  
Slap slap slap U around  
Slap slap slap U around  
All day..  
All day, every f\*\*king day

I pay the doctor bills baby, so I'll break what I want  
I spend all my money in a f\*\*king restaurant  
I let you live in my house now woman, I take you out on the town  
I want some payback now woman, I get to slap you around

Slap slap slap U around
