

Gwen Stefani, Yummy

[Chorus]

Im feelin yummy head to toe
You see me
Aint got no patience so lets go
You see me
Look, Im diet drama
Wanna spend the night
Dont bring pajamas
Man theres so much heat beneath these clothes
You see me

Walk in the place
They know my face
Hardcore sophmore
Only one solo, I swore
Big mouth, applause
Oh please, want more
Wanna hear a bit before I say nah
Let me check my itinerary
Mmmmm alright
Presto, skin tight
This deep and I risk my life
For what, so I can watch them bite
Come on I'm the only one Gwen you can find like this
I mean blow your mind like this
Your key wont shine like this
If it's yours then you know it wont wind like this
Wind it up

[Chorus]

I know youve been waiting
But Ive been out making babies
And like a chef making donuts and pastries
Its time to make you sweat
Sex and sugar is the flavor
Ovens and beaters and graters
Beats made of bongos and shakers
Its time to make you sweat

Walk in the place
They know my face
Billionaire boys
Ice cream drippin cross the floor
Big house, garage
Bentleys, ferrar
Wanna go before I say nah
Let met check my itinerary
Mmmmm alright
G four, G flight
Bed in the back so I have a G night
Goodnight, hood right
Aint no nigga you can find like this
I mean blow your mind like this
Make a watch dont shine like this
If its ticking then it dont tell time like this

[Chorus]

I know youve been waiting
But Ive been out making babies
And like a chef making donuts and pastries
Its time to make you sweat
Sex and sugar is the flavor

Ovens and beaters and graters
Beats made of bongos and shakers
Its time to make you sweat
