

Gyroscope, Beware Wolf

Focus on me baby.

Way to flood my headspace (I'd kill for you)

I know I kept you waiting (I'd wait for you)

Oh. I'd kill for you

You're keeping up such a good pace (I'll keep to you)

Sucks you kept me waiting (I'll creep to you)

Ohhh I'd kill for you

Whooooowooo i'll kill for you

whooooowooo i'll kill for you

whooooowooo i'll kill for you

If you run, you know that I'll give chase

But the chances are you'd lose me

I hate that and hate that

I'd kill for you

Way to flood my headspace (I'd kill for you)

I know I kept you waiting (I'd wait for you)

Oh. I'd kill for you

Whooooowooo i'll kill for you

whooooowooo i'll kill for you

whooooowooo i'll kill for you

I know I kept ya waiting

Sucks I kept ya waiting

A lack of Inspiration breeds temptation

Really, I swear, I will try

Inspiration breeds temptation

Really, I swear, I will try

Way to flood my head space

Way to flood my head space

Whooooowooo i'll kill for you

whooooowooo i'll kill for you

whooooowooo i'll kill for you (for you)

I'll kill for you

Whooooowooo i'll kill for you

whooooowooo i'll kill for you

whooooowooo i'll kill for you
