

# H-Blockx, Here I Go Again

## VERSE

You knock me off my feet  
So let me introduce myself  
Im a guy who woke from sleep  
Im realising hey there  
Im back where I belong again  
I shake off fatigue  
You knock me off my feet  
But let's not dip in simple things  
No more arguments  
Cause I've got the feeling  
Ive got the pills youve got the pain  
Im reeling again

## CHORUS

Here I go again exactly what it seems to be  
Here I go again just dont try to get me, try to get me  
Here I go again it's really no big deal my friend  
Here I go again just dont try to get me, try to get me  
Here I go again

## VERSE

You knocked me off my feet  
So let me introduce myself  
A guy who woke from sleep  
Im realising hey there  
Im back where I belong again  
I shake off fatigue

## CHORUS

## C-PART

No more arguments,  
no more arguments,  
no more arguments,  
cuz I got the feeling  
Im reeling again

## CHORUS (x2)
