

H.I.M., Sweet Pandemonium

Today
Tomorrow seems so far away
And the wait in vain

So safe
In the blinding light of love unchained
In yesterday's grave

The truth that could set souls free
Is buried within sweet pandemonium
Concealed by disbelief
The riddle stays veiled in sweet pandemonium

Afraid
That everything remains unchanged
In this fragile dream

Ashamed
Of the shattered remains of promises made

The truth that could set souls free
Is buried within sweet pandemonium
Concealed by disbelief
The riddle stays veiled in sweet pandemonium

Drained by the anger and grief

Fazed by the envy and greed

The secret cries for a release

The lucidity hidden deep in sweet pandemonium

The truth that could set souls free
Is buried within sweet pandemonium
Concealed by disbelief
The riddle stays veiled in sweet pandemonium
