

# H-Town, Ways To Treat A Woman

[Verse 1:]

Let's stroll down the ave  
Watch your hair blow back  
Let's see the favorite smile  
That you smile when I'm smilin back  
That's the way that I kno that you're pleased with my cool act  
And baby all that I'm thinkin is how to treat you with some respect

[Chorus:]

Know what baby I kno  
How to treat a woman  
And I do how to love a woman  
The ways to treat a woman yeah yeah  
And I kno how to caress your back  
Nights when you sleep  
And how to do it when you wake up  
Love you in the mourning  
Anytime
