

# H2O, Can I Overcome?

Can I overcome these things I'm feeling, a coldness deep inside  
The violence, the loss of friends, it's got me desensitized  
Why in the world, does the world keep trying me  
I'll try, don't wanna hear all the hurt, I don't wanna see  
Why can't you see

Sometimes I feel numb, I can't feel no pain  
Can I overcome, things I can't explain

And I still want to try and trust again  
But I just can't believe  
The things I read, I just wanna close my eyes  
The TV news gets me confused, so now I'm paralysed  
And I can't close my eyes, pretending not to see what I've become  
Can I overcome
