

H2O, I Know Why

And so she said to me
I'm leaving, I can't take it anymore
For all that it's worth, I knew that was over
Long before she turned the handle on my door

Cause I can read between the lies
And I can see behind your eyes
All the lies and alibis

And I can understand your mind
I can see through all your lies
All your eyes and alibis

And so it's over as the pictures
From my wallet hit the floor
Well I stand in distrust
Cause I can't believe it's happening
And my head tells me my heart should close the door

Cause I can read between the lines
And I can see behind your eyes
All the lies and alibis

And I can understand your mind
I can see through all your lies
All your lies and alibis

I tried hard to erase
Cause I don't think that I could ever replace it
I think of all the time I wasted
Listening to your lies

And so it's over
As I wipe the visions of you from my mind
Well I don't count for much
Nut I know the next time
Listening to these reasons
Are they truth or alibis?
Now I know why!
