

# Habakuk feat. Mamadou Diouf, Oh! Darling

I wanna tell you only one little thing.  
I love you darling, I hope you can feel.  
But if you can not  
Remember what I say.  
It's all the game  
That we have to play.  
So try to understand me  
Because sometimes it's so hard  
To be with you my baby.  
Sometimes harder than without.  
Sometimes harder than without.

But you should know that  
Whatever I do.  
I love you baby  
And this is true.

So please forget it when I'm wrong and getting mad  
And hug me warmly when it's nothing to be said.

Because I love you  
And nobody is like you.  
Yes I love you.  
I hope you love me too.
