

# Haemorrhage, Mangled Surgical Epitaph

Foul stench corrupts the air - Necrotomy is over  
(the) Morgue seems a battlefield full of dissected corpses

Sculptures of decay  
Slaughtered remains  
Engraved in rotten flesh  
Abstract creation

On carnal monuments I scrawl my poems  
To glorify the as I slice their bodies  
Sculptures of decay  
Slaughtered remains  
Engraved in rotten flesh  
Abstract creation

Cryptic nauseous scripts  
Obscene tribute to the sick  
Grotesque funeral art  
Decomposed epitaph

Carved in flesh ... Artistic carnage  
My blade will trace a maimed homage  
Detruncated and deformed, mutilated, disembowelled  
My butchery legacy is exhumed by the coroners

Cryptic nauseous scripts  
Obscene tribute to the sick  
Grotesque funeral art
