

# Hailee Steinfeld, SunKissing

I had a dream that  
We were underwater  
Drowning in us  
I've had a feeling  
There's something up above  
Maybe its love

California  
Right in front of ya  
Fast lane follower  
Baby take my hand and don't let go.  
(Oh - yeah)

Come and catch a wave, fade away like it rains in the summertime.  
Make every mistake, we'll just fly far away higher than the sky  
Light drifting, Sun kissing  
Light drifting, Sun kissing

I hear it calling  
Swimming every summer  
drowning in us  
Singing like Starlings  
Maybe you're the one  
forever love

California  
Right in front of ya  
Fast lane follower  
Baby take my hand and don't let go.  
(Oh - yeah)

Come and catch a wave, fade away like it rains in the summertime.  
Make every mistake, we'll just fly far away higher than the sky  
Light drifting, Sun kissing  
Light drifting, Sun kissing

Light drifting, Sun kissing  
(Oooo)  
Light drifting, Sun kissing  
(It's you that I've been missiiing)

California  
I'll take all of ya  
California  
Right in front of ya

Light drifting, Sun kissing,  
(It's you that I've been missing)  
Light drifting, Sun kissing,  
(It's you that I've been missing)  
Light drifting, Sun kissing,  
Light drifting, Sun kissing.
