

Hair, I Believe in Love

I believe in love,
I believe in love,
I believe in love,
I do believe in love

I believe that now is a time
For all good men
I believe in love,
I believe that now is a time
For all good men to come to the aid of

My country, tis of thee
Sweet land of liberty,
God save...

I believe in love,
Do you believe in love?
I do believe in love
You better believe in love

I believe that now is a time
For all men to come
To the aid of love
I believe in love!
