

Hale, Leap Of Faith

Another day, another normal day
And this is my head start
Stopped for an hour, gone by the minute
I thought I saw a spark

A leap of faith
So unexpectedly
I never saw you coming

(CHORUS)
I'll be going home, home
And I'll see you soon
We'll go, nice to know you
When will I see you again?

Is this our fate?
Where do we go from here?
It's hard to fall apart

I'll take my chances
And try to make it happen
I'll let you keep my heart

A leap of faith
So unmistakable
And this is where we'll start

Chorus

(Bridge)
A leap of faith
so unmistakable
and this is where we'll start

Chorus
