

Hale, Skip The Drama

I can never be with you forever
I don't want to pick you up when you fall
I don't want to hold you hand
To make you feel good about me
You've been OK all of this time

Lets all skip the drama
Believe on what is real

I don't have to be the one who completes you
I know that I'll never make you whole
I'll never let you see me down
Hopeless and needing you around
We have all the time in the world

Lets all skip the drama
Believe on what is real

I'd give you everything that you want
But I won't let you
Cause I'm with you
And you're with me
