

# Hale, The Day You Said Goodnight (Acoustic Version)

Take me as you are  
Push me off the road  
The sadness, i need this time to be with you  
I'm freezing in the sun  
I'm burning in the rain  
The silence, i'm screaming  
Calling out your name

And i do, reside in you light  
Put out the fire with me and find  
Yeah, you'll lose the sight of your circles  
That's what i'll do  
If you say goodbye

Chorus:  
To be is all i got to be  
And all that i see  
And all that i need this time  
To me, the life you gave me  
The day you said goodnight

The calmness in your face  
That i see through the night  
The warmth of your light is pressing unto us  
You didn't ask me why  
I never would have known  
Oblivion is falling down  
And i do, reside in you light  
Put out the fire with me and find  
Yeah, you'll lose the sight of your circles  
That's what i'll do  
If you say goodbye

Chorus:  
To be is all i got to be  
And all that i see  
And all that i need this time  
To me, the life you gave me  
The day you said goodnight

If you could only know me  
Like your prayers at night  
Then everything between you and me  
Will be all right

To be is all i got to be  
And all that i see  
And all that i need this time  
To me, the life you gave me  
The day you said goodnight

She's already taken  
She's already taken  
She's already taken me  
She's already taken  
She's already taken  
She's already taken me

The day you said goodnight
