

# Halford, Hell's Last Survivor

(Halford/Chlasciak)

I cry from the madness  
Then reach for a hand  
Stay on the lifeline  
'till I understand

I watched my worlds collide  
And drive me underground  
I've been to hell and back  
And beat the devil down

I'm all I have  
I'm all I need  
The last survivor  
I fought and won  
And now I'm free  
The last survivor

I pray for deliverance  
Grown from the guilt  
Live from the bottom  
Destroy what I built

I watched my worlds collide  
And drive me underground  
I've been to hell and back  
And beat the devil down

I'm all I have  
I'm all I need  
The last survivor  
I fought and won  
And now I'm free  
The last survivor  
I will survive
