

Halifax, Here I Am

Here I am singing my hopes
and dreams of yesterday
Today you'll hear
My childhood dream come true
This could be you

Just 2 years ago I was listening
To All My Fault and San Dimas Football Rules
As time went on and on
Now 2 years later
I am writing a song
Cause I never thought
That I would make it this far

But I dreamed and
that dream came true
And I dreamed
that dream came true

So Here I Am singing my hopes
and dreams of yesterday
Today you'll hear
Here I am
my childhood dream come true
This could be you

Seems like yesterday i was hanging out
and strumming my guitar
while singing these words
without a chance in the world
as i grab the mic and look
and then stare into the crowd
And my energy builds inside

But I dreamed and
that dream came true
And I dreamed
that dream came true

So here I am singing
my hopes and dreams of yesterday
Today you'll hear
Here I am
my childhood dream come true
This could be you

And I dream that
that dream came true
And I dream that
that dream came true

So here I Am singing
my hopes and dreams of yesterday
Today you'll hear
Here I am
my childhood dream come true
This could be you

here I am singing
my hopes and dreams of yesterday
Today you'll hear
Here I am
my childhood dream come true
This could be you

This could be you
