

# Hall & Oates, Africa

Lyrics & Music: John Oates

My Baby went to Africa  
With the dirty lens photographer  
My Baby stayin' in jungle land  
With a U S body and a real light tan  
My Baby went to Africa  
With a make-up man and his love-sick lover  
She get a couple o' grand and a two-piece suit  
Let the folks back home see the native beauty  
My Baby went to Africa  
Gotta pack my bags and get to her  
Before the lions and tigers try to jump on her bones
