

# Hall & Oates, Change Of Season

Oh, I need a change of season  
Oh, I want a little springtime in the fall  
Oh, I could use a change of season  
Can't stop thinkin' about it baby  
And I'm sick about it yeah

Oh, I've been trying to fight this feeling  
I know just one little brick  
Can break the wall  
Oh I might find a change of season  
Will bring a freeze in the summer, baby

Seasons change, people change  
But you can't hold back the clock  
Cause time won't stop for you and me  
And the world keeps spinning 'round

Feels like time for a change of season  
It's a crime that I should feel this way at all  
I can't even find a reason  
What do you think about it baby  
What you think about it, yeah

Seasons change, people change  
You can't turn back the clock  
No, time won't stop for you and me  
The world keeps spinning 'round
