

# Hall & Oates, Let Love Take Control

I'm a soul surviving  
Love give me all or nothing  
I used to wake in the morning and say  
Can I get through another day  
Look around, I see everybody's running  
Trying too hard to make the money  
But we forgot to the taste of honey  
Oh babe, can we lose the confusion

Let Love Take Control  
Sweet Soul got a hold on me  
Let Love Take Control  
Sweet soul got a hold on me

Little things can get you down  
Getting caught up in the run around  
Gotta live in the here and now  
Oh babe, gotta lose the confusion

Let Love Take Control  
Sweet Soul got a hold on me  
Let Love Take Control  
Sweet soul got a hold on me

You can't control your destiny  
Love laughs at all your plans  
Just let love show you what you need  
You know I understand  
Don't let the weight lay too heavy on you  
Gotta let it go, hold onto that sweet, sweet soul

Let Love Take Control  
Sweet Soul got a hold on me  
Let Love Take Control  
Sweet soul got a hold on me
