Hall & Oates, Open All Night

Music: Hall Lyrics: Hall/S. Allen

I know how you spent your time Too many people know you weren't alone Your after hours followed you home Oh I heard, he said She was open all night While I was away She was open all night Don't ask me to tell you who told me She was open all night While I was away You were open all night Don't ask me to tell you who said

Gotta lotta friends I don't need They say "you'd rather hear it first from me" Maybe I don't wanna hear it at all It's too far to fall so don't say She was open all night Don't ask me to tell you who told me No I don't want to tell you
