

# Halo Friendlies, Over It

i know what youre thinking  
i know where youre going  
i know what youre doing now  
i know all the things that  
oh yeah you used to tell me  
i know youre telling her right now  
and all the times you held  
my hand  
im so over and im so  
over you  
now its over  
i know what youre thinking  
i know just what you think  
of me  
i know you think of someone  
else  
i know all the reasons you  
think i cant get over it  
well maybe you only fool  
yourself  
and all the times i held my  
breath  
im so over it and im so  
over you  
now its over  
and all the times you held  
my hand  
im so over it  
and all the times you told  
me that you like the way i laugh  
and all the things we used  
to do  
im so over it and im so  
over you  
now its over
