

# Halo Friendlies, Unsaid Goodbyes

Wasn't such a bad time for us  
Cause we were young  
I think about the good times  
Driving under moonlight  
Low tides and lullabies  
Do you remember it?  
Do you?

And I was on the telephone  
Telling you to come home and settle the score  
Didn't I try and tell you of passing time?  
And unsaid goodbyes

Sitting in the back seat of life  
A joy ride  
We knew we couldn't get bored  
Following our dreams down the path of life  
But we don't know  
What do we do when we get there?

And I was on the 7th floor  
Shouting out the window "Lets settle the score"  
Didn't I try and tell you of passing time?  
And unsaid goodbyes

And I was on the telephone  
Telling you I'll be home to settle the score  
Didn't I try and tell you of passing time?  
And unsaid goodbyes
