

# Halou, Oceanwide

All of this love, it overwhelms me  
And now you want the distance  
Of an ocean between us

I want you to know  
That I will not give up on you

I thought that you could meet me half way  
Figured that you could  
I thought that you could love me  
Figured that you'd fall

All of this love, it withers within me  
And it's not fair, no, it's not fair  
But, you never said it would be

I thought that you would be there  
Figured that you would
