

Halou, Oceanwide

All of this love, it overwhelms me
And now you want the distance
Of an ocean between us

I want you to know
That I will not give up on you

I thought that you could meet me half way
Figured that you could
I thought that you could love me
Figured that you'd fall

All of this love, it withers within me
And it's not fair, no, it's not fair
But, you never said it would be

I thought that you would be there
Figured that you would
