

Halsey, Die 4 Me

ah yeah ah yeah ah yeah
Said you lied, shit, but you lied
Said you lied, shit, but you lied
You lied to me

Said you'd take a bullet
told me you would die for me
I Had a really bad feeling
you'd be lying to me
We'd been on the low
but you were getting high with me
Learned a lesson when
you showed a different side I see

Said you'd die for me
You'd die for me
You'd die for me

But you lied to me
You lied to me
You lied to me.

Said you'd die for me
You'd die for me
You'd die for me

But you lied to me
You lied to me
You lied to me

Yeah

I hope you think about me
everytime you touch it
Hope your new girl
hears this and she loves it
Devils front door
and I'm banging his line
If I said I want an answer
I'd be lying, I'd be lying yeah.

They said what the devil can't do
He's gon send a woman to
You seek to hide
You're dead inside
Won't see me cry

Said you'd take a bullet
told me you would die for me
I Had a really bad feeling
you'd be lying to me
We'd been on the low
but you were getting high with me
Learned a lesson when
you showed a different side I see

Said you'd die for me
You'd die for me
You'd die for me

But you lied to me
You lied to me
You lied to me.

Said you'd die for me
You'd die for me
You'd die for me

But you lied to me
You lied to me
You lied to me

Settle down I'll spell it out it's simple enough
I came around, I figured I should follow my gut
I don't play anymore
I went through your phone
And caught the girls in your DMs
And took all them home
And I know it's been a while since the last time you heard from me
Grew into a savage, you can hear it in this verse honey
Turns out it shows
Cause they turn out at shows
I sold 40 million copies of our breakup note
Brought some strangers in our bed, so now you've lost your right to privacy
Spillin all our secrets, you thought they'd prolly die with me
Know you fucking love it on the low
And you don't have to say I'm crazy cause I know
(Nothing's changed though)

Said you'd take a bullet
told me you would die for me
I Had a really bad feeling
you'd be lying to me
We'd been on the low
but you were getting high with me
Learned a lesson when
you showed a different side I see

Said you'd die for me
You'd die for me
You'd die for me

But you lied to me
You lied to me
You lied to me.

Said you'd die for me
You'd die for me
You'd die for me

But you lied to me
You lied to me
You lied to me

Said you'd take bullet
told me you would die for me
I Had a really bad feeling
you were lying to me
We'd been on the low
but you were getting high with me
Learned a lesson when
you showed a different side I see

Said
you'd die for me
You'd die for me
You'd for me

But you lied to me

You lied to me
You lied to me.

this is the last time
I'ma do you the honor
I gave you a headline
I know I shouldn't bother
This is a lesson to take
Hold someone tight and they break
Then you say it's a mistake
But you meant it anyway

Now you can blame me
Tell them you made me
Ignore the shit that you did on the daily
Think that you played me
But you can save me
All of the shit bout
how I'm "fucking crazy"

Said you'd take bullet
told me you would die for me
I Had a really bad feeling
you'd be lying to me
We'd been on the low
but you were getting high with me
Learned a lesson when
you showed a different side I see

Said
you'd die for me
You'd die for me
You'd for me

But you lied to me
You lied to me
You lied to me.

Said
you'd die for me
You'd die for me
You'd for me

But you lied to me
You lied to me
You lied to me.

Yeah.
