

# Hammerfall, Back To Back

They came at dawn into the morning light  
black shadows riding on the mist  
Prepared for battle, swords were shining bright  
filled with anger and harm  
Came to kill not to charm

The sound of metal screaming in the air  
the time has come where justice rules  
The endless victims looking up in fear  
Now, who are the fools

Oh, here they come, riders of the sun  
And they will fight Back To Back

They're fighting hard, their way to victory  
dead bodies lying on the ground  
They are the soldiers of eternity  
and their swords spinning around

Oh, here they come, riders of the sun  
And they will fight Back To Back

Kill with power, ready to ride, let's go

They got it all, they'll never fall  
But they will fight

The night is falling, light will disappear  
a magic silence fills the place  
Could read the warning, shining crystal clear  
now they were lost for the chase

Oh, here they come, riders of the sun  
And they will fight Back To Back

No, no, no, no
