

# Hammerfall, Born To Rule

Lay down your arms this night  
Surrender to the power  
Embracing your metal heart  
On your final walk through the snow

A hammer made of steel  
From the river of blood  
With magic, forged in flames  
Delusions, a curse of the damned

What do you see?  
Imaginary visions or reality  
When you're free  
Then you'll see that you are bound to rule

Rule - Born - Rule  
We were Born to Rule  
Rule - Born - Rule  
We were Born to Rule

Born to Rule - Born to Rule  
We're Born to Rule forever more  
Born to Rule - Born to Rule  
We're Born to Rule forever

The revolution forced us all to heed the final call  
And if tomorrow never comes  
Then we will strike the hammer down

Solo: Stefan

Rule - Born - Rule  
We were Born to Rule  
Rule - Born - Rule  
We were Born to Rule

Born to Rule - Born to Rule  
We're Born to Rule forever more  
Born to Rule - Born to Rule  
We're Born to Rule forever  
Forever, forever Rule!
