

Hammerfall, Hail To The King

There is a saying all good men die young
Maybe a legend, but I know of one
So for the brother we lost in this cause
For you the sun is rising

Ravens in mourning all crying out loud
Sending the message of death through the clouds
Now as one life ends, another begins
Again the sun is rising

Honor – Hail To The King
Glory – Valor we bring
Honor – Hail To The King
Valor is everything

Honor – Hail To The King
Glory – Valor we bring
Honor – Hail To The King
Hear bells of freedom ring

Silence, dead silence, awaiting the call
One man must rise when another man fall
Lift up my sword and flames run down the blade
Behind the sun is rising

Eons of darkness has come to an end
Sworn to protect and his crown we'll defend
Hope is reborn when all else is forlorn
And now the sun is rising

Honor – Hail To The King
Glory – Valor we bring
Honor – Hail To The King
Valor is everything

Honor – Hail To The King
Glory – Valor we bring
Honor – Hail To The King
Hear bells of freedom ring

Elders give wisdom, like a new day at dawn
Hail to the one, hail to all, hail to the sun

Honor – Hail To The King
Glory – Valor we bring
Honor – Hail To The King
Valor is everything

Honor – Hail To The King
Glory – Valor we bring
Honor – Hail To The King
Hear bells of freedom ring
