

# Hammerfall, One Against the World

The night's riding in as the lights go down  
It's time, heed the call  
Psyched up expectations erupting in us all

Playing to win, now let the madness begin

Templars of the world  
Victorious immortals  
Thunder up your souls  
Rebel and shout out loud

We are what we are and we do whatever we want to do  
Metal heart crusaders, our dreams we must pursue  
In for the kill, charged by the power of will

Templars of the world  
Victorious immortals  
Thunder up your souls  
Rebel and shout out loud

Templars of the world  
Victorious immortals  
Thunder up your souls  
Rebel and shout out loud  
Ante up your game  
The modern time crusaders  
Power up your immortal souls  
Be one against the world

We are one  
We are the one
