

Hammet Melanie, I Dream Wild Horses

like any other monday
i drove in, i drove out
don't remember what i thought about it seems-
but lately when i dream...

CHORUS

i dream wild horses
and fever
swimming raging rivers i dream wind i dream rain
and i drown only to burn again
wild horses and fever
i dream wild horses
today we spent together - like any time together
fading in, fading out
don't remember what we loved about it seems -
but lately when i dream...

CHORUS

today i saw a mirror
like any other mirror
looking in
looking out
don't remember what i thought about it seems
but lately when i dream...

CHORUS

CHORUS
