

Hands On Approach, Gift To None

I don't need to introduce myself
'Cause you know me for a long time
Could be the face in your mirror
But not quite so young
I'm the soul behind whatever you need
I'll be everywhere you feel
Like a wave I could wash all your troubles
Give all but not enough...

All crosses in yards of your way
I'm trying every word I can pray

My gift to none is keeping me so alive...

You don't need to explain yourself
You're hopeful as my soul's trying too
I know all lovers are blind
Closed eyes...it clears my mind
Because of you
And I know it to be real
I am open because of you
Scratching the sky
With no wings I'm fallin' fallin'

All crosses in yards of your way
I tried every word I could play

My gift to none is trying to keep my mind
Walk and show some smile
No longer believe I can only pray
'Cause somehow it brings me to you

I'm waiting alive so dead inside
My tears keep fallin' and I still wonder why
No one has heard this before
If you'll keep the secret our love is more than freedom

All crosses in yards of your way
I've tried every word I could pray

My gift to none is trying to keep my mind
Walk and show some smile
No longer I'm still addicted to you
