

# Hands On Approach, My Wonder Moon

Here comes the night  
and for me it's the best part of the day.  
Even if I'm alone  
I still sing a song  
no matter what people say  
I don't have another way.

(Refr'o)

Screamin' loud  
a bottle on the ground  
with my friends sitting around  
don't really matter  
what's going on  
I just care about the song  
Uh, uh, uh, I like the sunset  
It brings me back the moon.

I look at the sun  
it's already gone  
the blue sky is turning black  
I'm waiting for her  
with my cigar box  
it seems to be so different  
it's all gone so quiet.

Refr'o

When she arrives  
I will sing all the songs that I know  
until now it has been  
this way
