

Handsome Devil, Back Into Action

Oh joy lucky me
I'm looking back at what I used to be - I'm looking back see
See what I want to see
Forget the darkest living part of me - The Irony
Without a soul to stand by me, I'm waiting
For you to call me out suddenly

CHORUS

I'm Back - Back - Back into Action
Corner me and I'm Back into Action
I'm Back - Back - Back into Action
Corner me and I'm Back into Action

Tease me a little more
You made your play
and now you've got to go - you've gotta go
I don't want to work it out
You'll never understand what I'm about - You'll never know
Self-destruction all the way, I'm waiting
For you to call me out suddenly

CHORUS

I know you don't believe in me
Suddenly

CHORUS
