

Handsome Devil, Samurai

I did some time in Tokyo In a dojo
Learned Karate and Kung Fu
And Judo because you know

CHORUS

I'm a fuckin' Samurai from the Darkside
Eating fried rice, and I lie
I'm not Bruce Lee, I'm not Chinese
I'm on the Trapeze, and I'm free

In Nagasaki, I'm drinking Saki
And watching hockey in my jockeys
And I'm a servant to technology

CHORUS

In my Nissan, I put the Priest on
And I head out on the highway to Budokan
I'm metal basted and domo wasted

CHORUS
