

# Hangar, Angel Of The Stereo

The time is passing by  
Your breathing slowly  
Open your eyes and feel your heart  
Flying the sky tonight  
Follow your spirit  
Open your mind and feel your soul  
Waiting the messenger of heaven  
Look at the sky and see the angel  
Waiting the messenger of heaven  
Look at the sky and see the angel  
Angel of the stereo  
Angel of the stereo  
Open your mind - flying so high  
Open your heart - feel the sky  
Open your eyes - see the light  
Take the hand of the angel and go
