

Hello hello hello hello hello

Hello hello hello
And the lights of midnight
Leaving me up
Through the open window
Is it a sign
No words of wisdom
To calm me down

Hello hello hello hello
And the lights of midnight
Leaving me up
Through the open window
Is it a sign
No words of wisdom
To calm me down

Hello hello hello hello hello
Hello hello hello hello hello
Hello hello hello hello hello
Hello hello hello hello hello
Hello hello hello hello hello
Hello hello hello hello hello
Hello hello hello hello hello
Hello hello hello hello hello
Hello hello hello hello hello
Hello hello hello hello hello
Hello hello hello hello hello
