

Hank Locklin, Little Bit Lonesome

A little bit lonesome a little bit blue all by my ownsome thinkin' of you
Wondering how come you do me this way
What have I done what did I do what did I say
I don't go nowhere afraid you might call just stay in my chair like a little rag dove
A little bit lonesome (lonesome) a little bit blue (so blue)
Oh baby come home your daddy's so low and lonesome for you
[guitar]
A little bit lonesome...
