

Hank Locklin, Tender Side Of Me

You'll always have the tender side of me forever in my heart you'll always be
I'll prove my love each day I live you'll see you'll always have the tender side of me
Tenderness comes easy loving you with all my heart and soul the way I do
My love for you will never let you see more than just the tender side of me
[strings]
My love for you will never let you see more than just the tender side of me
