

Hank Snow, A Scale To Measure Love

Recorded by Hank Snow

If I had a scale to measure love
Like a clock can measure time
And we put our love upon that scale
Would your's weigh as much as mine

Of late it seems your thoughts are far away
I doubt if you hear half the things I say
I be hurt if I knew who you were thinkin' of
I'm so glad there's no scale to measure love

Your kisses always thrilled me at the start
But now I wonder are they from your heart
I'd be sure if it's me that you were thinkin' of
If I could find a scale to measure love
