

Hank Snow, Blossoms In The Springtime

When I see blossoms in the springtime
I know that sweetheart time is here
My love that blossoms in the springtime
Blossoms in my heart through all the year

I love the blossoms in the springtime
Kissed by the sunshine and the rain
I love to hold you oh my darling
When kisses bloom in Sweetheart Lane

Break (guitar)

Sometimes a spark of love may smolder
Never to flame all winter long
Then like the blossoms in the springtime
Burst with the first red robin song

I love the blossoms in the springtime
Kissed by the sunshine and the rain
I love to hold you oh my darling
When kisses bloom in Sweetheart Lane
