

Hank Snow, Dear Lord, Remember Me

I won't care though dark and drear my way may be
I won't mind the cross to bear
For I know in God's own time He'll set me free
But this I pray, dear Lord, remember me

CHORUS

Remember me when tears are falling down
Remember me when trouble's all around
And look down at the river of Jordan
In calling the roll, oh Lord, remember me

I won't mind although some bitter lots be mine
To bear uncomplainingly
I've decided come what may I'll follow Thee
But this I pray, dear Lord, remember me

I won't mind though I may go through waters deep
Still his song my prayer shall be
If I'm right I know I'll gain the victory
But this I pray, dear Lord, remember me

CHORUS

Remember me when tears are falling down
Remember me when trouble's all around
And look down at the river of Jordan
In calling the roll, oh Lord, remember me

(And calling the roll remember me)
