

Hank Snow, Down The Trail Of Achin' Hearts

CHORUS

Down the trail of achin' hearts where nobody's hidin' their tears
You sent me there where sadness starts down the trail of achin' hearts

You told me I was your darling you kept me hanging around
Somebody else is your darling so lonesome and blue I'll be found

CHORUS

Down the trail of achin' hearts where nobody's hidin' their tears
You sent me there where sadness starts down the trail of achin' hearts

Break (guitar)

Once I was passing your window under the light of a star
Somebody else played my love song and played it on my old guitar

CHORUS

Down the trail of achin' hearts where nobody's hidin' their tears
You sent me there where sadness starts down the trail of achin' hearts
