

Hank Snow, Forever And One Day

How long will my teardrops be falling for you
Forever and one day forever and two
How long will my arms ache to hold only you
Forever and one day forever and two

Loving you with all my heart believing you loved me
But an imitation love was all you gave to me
How long will my sweet dreams never come true
Forever and one day forever and two

[guitar]

Loving you with all my heart...
(Forever and one day forever and two)
