

Hank Snow, Gloryland March

Glory hallujah we are marching on
(As we sing this song and it won't be long)
The man of Galilee will set us everyone free
So get in the gloryland march

There is an army that is marching onto victory
The Captain is a man from Galilee
They've all been saved and their souls set free
By the blood of the Lamb on calvary
So won't you join in the Spirit and be saved today
Get on your knees and pray
Help lead the wrong to right come join in the fight
And get in the gloryland march
Glory hallujah we are marching...

[steel - fiddle - guitar]

Blessed is the army that will follow God
Longing for His kingdom as we onward trod
Waiting for that moment when we leave the sod
To live in peace forever in the presence of God
He will give us power over man and sin we'll shout and enter in
We'll hear the victory ring when we've found our Saviour King
So get in the gloryland march
Glory hallujah we are marching...
