

Hank Snow, I'm In Love With Jesus

One day the blessed Saviour brought sweet romance to my heart
And gently whispered love to me
He said we'll dwell together and would never ever part
So now this is the reason that I sing the song of love

Oh I'm in love with Jesus he's the lover of my soul
Fairest one the rose of Sharon bright in the morning star
Sweetest love from heaven up above my life my joy my all
Oh this love divine fills this heart of mine I'm in love with Jesus

(I'm in love with Jesus he's the lover of my soul)
Fairest one the rose of Sharon bright in the morning star
Sweetest love from heaven up above my life my joy my all
Oh this love divine fills this heart of mine I'm in love with Jesus
