

# Hank Snow, I'm Sorry We Met

Though you have refused to see me my dear  
You'd rather I'd be all alone  
Still I can't forget the kisses we knew  
And the days when I called you my own

But you found another and you loved him too  
My heart is broken I'm sad and I'm blue  
I am sorry we met it's so hard to forget  
The days that used to be  
[ guitar ]  
Though you found another...

And though you weren't true I still think of you  
And your memory is so dear to me  
But you found another...
